### Materials:

MC – 100% cotton medium weight yarn, variegated color

CC – 100% cotton medium weight yarn, solid color

Size 5.0 mm crochet hook (H US hook size)

**Gauge:** measures 5.7 cm (2 3/4 inches) across after round 2 is completed.

**Finished size:** measures 19.6 cm (7 3/4 inches) across, point to point when completed.

### Special stitches:

**Adjustable ring:** Wrap the yarn counter-clockwise around two fingers and cross the end over the working yarn. Slide the loop off your fingers, pinching at the cross where they meet. Insert your hook into the loop from the front, but keep the hook behind the working yarn. Pull up a loop with the working yarn and ch 1 to secure. Work stitches around both the ring and the yarn end. Pull the yarn end to tighten when the round is completed.

**Reverse double crochet (rev dc):** these stitches are worked exactly the same way as double crochet stitches, except they are worked in the opposite direction. Right handed crocheters will work from left to right, and left handers from right to left. Insert hook into a st, yo, and pull up a loop. You will have 2 loops on your hook. Yo, and pull through the 2 loops on your hook to complete the stitch.

### Front Instructions:
