### Finishing

Finish with sc to join the two short ends together, leave a 12" tail of yarn.

On the front side - gather the seamed section of the headband and fold in half so that the fold is facing you.

Bring either side up to the top of the fold and hold secure with your fingers.

Attach your yarn needle to the 12" strand and run your yarn needle through the cinched section of your headband. I ran it through three times and then tied a knot to the beginning strand to secure and finish.
