Nous Sommes Le Globe

In dark times, I find looking at the creativity and friendship people display as a way of bringing light to the world. This pattern is infinitely alterable, making creativity part of its fun

Special Instructions:

Bias construction makes for an interesting pattern, but there's nothing super difficult about it! Enjoy this easy pattern.

Yarn/Fiber Requirements:

Note: depending on the length and width you choose, your yardage requirements will likely run much less than 1 skein of each color.

Berroco Ultra Alpaca, Red (215 yards)

Berroco Ultra Alpaca, Navy (215 yards)

Berroco Andean Mist, Nieve (164 yards)

Knitting Needle:

US 8 – 5.00 MM, type does not matter as the number of stitches is small. I prefer double points (dpns) or straights, but this pattern is easily doable with circular needles

Knitting Loom:

I would use a ½” gauge or smaller loom for this pattern, my suggestion would be a 4” Mini Narrow Scarf Loom by CinDWood Crafts, or a keychain loom by Décor Accents.

Notions:

Yarn Needle

Scissors

Gauge: Super not important for this pattern! 😊

Finished Measurements:

At 10 stitches, an inch wide, length about 30 inches.

Abbreviations and Special Stitches:

k= knit

k2tog= knit 2 together (decrease)

kfb= knit front and back (increase)

Pattern Instructions:

Pre-work: Measure around the base of the head and add 10 inches. This will be your final length if you are doing a headband.

Cast on 10 stitches.

Row 1: Kfb, k6, k2tog, k1.

Row 2: K.

Row 3+: Change your colors by knitter preference. For the sample, I did stripes of more than 2 rows for all repeats.

If you are finding yourself having trouble identifying a striping sequence, I love the [striping systems at OddKnit.com](http://www.oddknit.com). The prime number sequence would look particularly good with such a narrow, biased pattern.

When you have reached the length you identified in your pre-work, bind off all stitches. Weave in ends. To wear, tie under your hair in a loose knot and let the ends hang loose.

En Francais:**Termes:**

m endr=maille endroit = tricot

2 m end ens= 2 mailles endroit ensemble tricoter = 2 mailles ensemble

aug bar s = augmentation barree simple = tricoter 2 mailles dans le même mailles (avant et arrière)

rg(s) = rangs

Instructions:

Pré-travail: Mesurer autour de la base de la tête et ajouter 10 pouces.

Monter 10 mailles.

Rg 1: aug bar s, 6 m. endr., 2 m end ens, 1 m. endr.

Rg 2: m endr.

Rgs 3+: Changez vos couleurs en fonction de ta préférence. Pour l'échantillon, je utilise des bandes de plus de 2 lignes pour tous les répétitions.

Lorsque vous avez atteint la longueur que vous avez identifié dans votre pré-travail, rabattre toutes les mailles. Rentrer les bouts.
