Directions

With cable cast on, make 200 (100) stitches. Being careful not to twist stitches, place marker and join for working in the round. Knit 1 round then Purl 1 round.

Repeat the 8 rounds of pattern stitch "Cupido" above until work measures approximately 8", ending with 4th or 8th of pattern stitch. Make sure that you have enough yarn left for the following: knit 1 round, Purl 1 round and bind-off loosely.

Finishing

Weave in ends. Steam press gently over a damp cloth.
