Add a little pop to a thick and quick hat.
This top-down knit is fun and warm to wear!

Drawstring cast-on

This hat is knit from the crown down to the brim.

Place a slipknot on the anchor peg.

Wrap the yarn around the outside of all pegs.

Place your working yarn above the strand on Peg 1 and knit the bottom loop over. Lift the wrapped yarn over on Peg 2, keeping the working yarn in front of the of peg. Repeat these two steps around the full loom, weaving the two yarns together.

Please see the reference link for more information.
