SEED STITCH INFINITY SCARF

~tinselmint.com~

Materials you will need:

- 3 hanks / 300g of **Billow** by **KnitPicks**
- size 11 US straight needles that are at least 10 inches in length
- scissors
- darning needle

Turn your hank into a ball*. If you are an advanced knitter and would like to make a substitution this is a bulky weight super soft pima cotton yarn with a thick and thin texture. If you are not familiar with US needle sizes, an 11 US is equivalent to 8mm or 0 UK/CAN sized needles.

Gauge:

6.5 stitches x 8 rows = 2 inches square

For the purpose of this pattern, use this only as a rough guide. If the gauge of your knitted piece is slightly different that's ok because this is a very stretchy knit.

Pattern:

Cast on 33 stitches*.

This scarf is knit in what's called a **seed stitch** pattern. This pattern is created by alternating one knit stitch (k1) and one purl stitch (p1). You can find my instructions on how to knit and how to purl on **tinselmint.com**. You'll have to remember to bring your working yarn (the yarn you wrap around the needle) from the front of your work to the back of your work when alternating between knitting and purling.

First row: (k1, p1) repeat until one stitch remains on your needle, k1. Turn work over.

Repeat the first row until your scarf measures 62 inches in length or approximately 232 rows.

Cast off*. Use scissors to break yarn, leaving a long tail of approximately 22 inches for stitching together the two ends of your scarf.

To complete your infinity scarf, lay it on a flat surface and bring the two ends together (while still lying flat) so that they meet. Stitch the two ends together using the tail from your cast off edge. Next darn in any ends using a darning needle. DO NOT trim your ends with scissors without darning them in first as all your hard work will unravel*.

Style and wear how you like! Visit tinselmint.com for the many ways to wear this lovely seed stitch infinity scarf.
